Professional Summary:

Computer Science graduate with hands-on experience building responsive web and mobile applications using React, React Native, and JavaScript. Skilled in UI/UX design, API integration, database management, and creating user-centric solutions. Seeking a junior developer role to contribute to innovative projects while growing technical and collaborative skills.

Technical Skills:

- **Frontend & Mobile Development:** React, React Native, JavaScript, HTML, CSS, Bootstrap
- **Backend & APIs:** PHP, ASP.NET, REST APIs
- **Databases:** MySQL, SQL
- **Programming Languages:** JavaScript, Python, C++, Java, C#, PHP
- **Tools & Technologies:** Git, GitHub, Expo, Camera API
- **Soft Skills:** Problem Solving, Time Management, Team Collaboration, Communication

Development Experience:

Junior Frontend & Mobile Developer (Academic & Personal Projects)
2023 – Present
- Developed responsive web applications using React and JavaScript
- Built mobile applications using React Native and Expo
- Integrated REST APIs and handled dynamic data
- Implemented reusable components and clean UI using HTML, CSS, and Bootstrap
- Used Git/GitHub for version control across all projects

Projects:

Portfolio Website | Web

- Developed a responsive portfolio website to showcase projects and technical skills.

- Implemented reusable React components and clean UI design.

  Technologies: React, JavaScript, CSS.

React Native Weather App | Mobile

- Built a location-based mobile application providing real-time weather data and 7-day forecasts.
- Integrated Open-Meteo API and optimized the interface for mobile users.

  Technologies: React Native, JavaScript, Expo, Open-Meteo API.

Makeup Detection System | Web Application

- Developed a web application allowing users to upload images and receive makeup recommendations based on facial analysis.
- Integrated Face++ API to detect skin type and facial features.

  Technologies: PHP, JavaScript, HTML, CSS, Bootstrap, Face++ API

Restaurant Management System | Web

- Built a full-stack web application to manage orders, menu items, and staff operations.
- Implemented backend logic and database integration.

  Technologies: ASP.NET, C#, SQL

Education:

Bachelor of Science in Computer Science

Islamic University of Lebanon (IUL) — **2025**

Certifications & Trainings:

- **PwC's Girls Who Excel Programmer** (PwC Middle East)
- **Thriving in Software Development: Beyond Code** – Google Developer Groups (GDG) IUL
- **Leaders Academy Program (Python)** – USPEaK

Languages:

- **Arabic:** Native
- **English:** Upper Intermediate (B2)
